Product description

Experience the passion of luxury with the exclusive Blossom. It is a perfectly designed mini massager with just the right size and curvature to hold in the palm of your hand.

Blossom incorporates a unique vibration system, 6 vibration modes with 3 intensities that will stimulate your most erogenous zones like you have never felt before.

Created with green technology, it will make you feel comfortable with the cause of the environment and is very quiet. Full charge is less than an hour long and can run for 2 hours straight.

The certified hypoallergenic medical grade silicone stands out for its silky touch and excellent sliding capacity.
