Product description

The perfect dice in search of new emotions.

A simple, yet effective game, offering endless erotic hours, these dice are an entertaining game that everyone can win!

Includes a small, satin bag to keep the erotic dice safe.

When kiss and lips come out, you will be able to say, "pretty easy." Reaching out towards your lover, stretching your arms and taking him by the shoulders to press your lips to his.

Your partner quickly grabs the dice, mischievously shuffles them, and playfully throws them at you. As they fall from your chest, they land on the ground and read, bite and neck.

Screaming with excitement, your partner becomes excited and places his hot, wet mouth on your neck, then slowly and seductively sinks his teeth into your skin. A soft moan of pleasure leaves your lips uncontrollably.

You ask your lover to blow a slow stream of hot air on the dice for good luck. Watching your partner vigorously shake the dice in your hands, you quickly cross your fingers, anxiously waiting to see what will come up on your turn.

As the white die falls from your hands, you see the pink die escape your grasp and descend to the mat. You can play thousands of ways to play.
