Product description

Ivy is a travel companion of unique style: an elegant and simple object, always ready to please you without warning.

Small, light, with its attractive lipstick appearance, Ivy is a discreet and modern vibrator to always carry with you and enjoy at any time.

And as is usual when it comes to MORESSA, form and function come together to allow maximum control in its four different stimulation modes.

As with all MORESSA pleasure objects, Ivy is designed to provide intense physical joy and absolute spiritual peace in any situation and under any circumstance.

Made with medical silicone and ABS, approved by the FDA and free of phthalate, Ivy provides 1.5 hours of virtually silent vibrations after a charging time of just 1 hour.

Speed and intensity are easily regulated using an intuitive control interface.

Created with green technology, it will make you feel comfortable with the cause of the environment and is very quiet. Full charge is less than an hour long and can run for 2 hours straight.

The certified hypoallergenic medical grade silicone stands out for its silky touch and excellent sliding capacity. So that you can enjoy your new friend for a long time, it is recommended that you use a waterfeel water-based lubricant in your wettest games. This way you protect the material and the surface remains silky. You can wash your toy very easily with water and mild soap. For more thorough hygiene, also use a special disinfectant cleaner for sex toys such as Waterfeel or Nina kikí toy cleaner.
