Operation/Use

To turn on the vibrator, press the key power button for about 2 seconds. To change the vibration modes, press the key To activate the suction press the key , then press the same key again and will modify the suction modes.

Carry

The vibrator is rechargeable and allows for convenient handling without annoying cables. Before using it for the first time, you must fully charge it. Use the included USB charging cable to do so.

Insert the USB cable plug into the charging port. Connect to the power outlet using a connector or to your computer via USB.

Warning : The first charging process can take up to eight hours.

Elimination

Disposal of electronic equipment must be carried out in accordance with the regulations for hazardous waste in force in the European Union and other European countries, or according to local regulations. Respect waste disposal regulations.

Specific to your country, and if in doubt, ask your dealer about disposal options.
