Producer code	**FETISHID-228130**
EAN	**8435565924393**

Product description

Allow Lauren de Moressa to combine your sensitive spots with pure pleasure simultaneously!

At first glance, this devilishly creative dual vibrator appears to be used for individual use only, however, this multifunctional toy can be used during sex and has the potential to please both partners for an enhanced experience.

Strategically placed on the vaginal stimulation wand and anal stimulator, the two powerful yet whisper-quiet motors deliver intense pleasure. Whether you're craving some endless teasing or total penetration and satisfaction, explore the 10 vibration modes. Choose from a multitude of slow and steady settings, to quick toe shakes or gentle, sporadic pulses.

Completely covered in 100% silicone, the silky smooth skin of this dual-motor vibrating toy is hypoallergenic and safe and soft to the touch.

The thick, round, bulbous bottom is textured with curves and smooth for easy insertion and retrieval. Plug the included USB cable into the port on the back of Lauren for 70 minutes to enjoy 40 minutes of ultra-satisfying playtime.

The Moressa double penetration toy is 100% IPX7 waterproof

2 ENGINES FOR DOUBLE HAPPINESS

Lauren guarantees unforgettable and shared moments: during sex, the U-shaped vibrator is simply inserted so that both parties can enjoy the intense vibrations. While one shaft stimulates your clitoris from the outside, the other side of the toy ensures a seductive tension within its love seal. Both ends vibrate equally powerfully thanks to the two motors. The internal shaft stimulates both your G-spot and your best piece when you turn it on and off.

It can be controlled wirelessly with the included remote control, making your sensual experiences more creative and exciting.

Characteristics;

- 100% silky soft silicone
- Measures; 85*38/85*34mm
- Weighs only 120 grams
- 10 vibration modes
- Charging time 70 minutes for 40 minutes of intense vibration.
- Submersible IPX7 category
- Rechargeable via USB.

MATERIAL AND CARE

The skin-friendly Moressa Material is non-porous and therefore very hygienic. The soft and flexible texture ensures that the silicone is nice and easy to slide. Quickly absorbs and stores your body heat. For lubricant use, we recommend a Waterfeel

water-based lubricant. This is gentle on the material and ensures that it maintains the texture for a long time. After use, clean it with waterfeel toy cleaner or neutral pH soap and warm water for a perfect cleaning.

But this is not all, play with a guarantee because we offer you a 2-year guarantee so that your toy lasts a long time.
