Product description

Nix is a remote control vibrator that stimulates all your senses: an elegant and simple object, always ready to please you without warning.

Small, light, with its attractive stimulator appearance, Nix is a discreet and modern vibrator to always carry with you and enjoy at any time.

And as is usual when it comes to MORESSA, form and function come together to allow maximum control in its four different stimulation modes.

As with all MORESSA pleasure objects, Nix is designed to provide intense physical joy and absolute spiritual peace in any situation and under any circumstance.

Made with medical silicone and ABS, approved by the FDA and free of phthalate, Ivy provides 1.5 hours of virtually silent vibrations after a charging time of just 1 hour.

With the practical remote control you can control the vibration comfortably and decide who can make the decisions. For wild adventures and exciting foreplay, the woman can also wear the vibrator in her panties and let her partner excite her for 2 hours straight.

So that you can enjoy your new friend for a long time, it is recommended that you use a waterfeel water-based lubricant in your wettest games. This way you protect the material and the surface remains silky. You can wash your toy very easily with water and mild soap. For more thorough hygiene, also use a special disinfectant cleaner for sex toys such as Waterfeel or Nina kikí toy cleaner.
