Operation/Use

.Press the key to activate Warren, then press the key which will activate the pulses, modify the pulse modes by pressing the same key . Continue pressing the key and will activate the vibration of the Rabbit stimulator, then press the same key and will modify the vibration modes. Once Warren has finished press the key off for 3 seconds.

Carry

The vibrator is rechargeable and allows for comfortable handling, without annoying cables. Before using it for the first time, you must fully charge it. Use the included USB charging cable to do this.

Insert the USB cable plug into the charging connection hole. Plug into the power with a connector or to the computer via USB.

Elimination

Disposal of electronic devices must be carried out in accordance with the regulations for hazardous waste in force in the European Union and other European countries or according to local regulations. Please observe your country's specific waste disposal regulations and, if in doubt, ask your dealer about disposal options.
