Product description

MYTHOLOGY FANTASY HARNESS - BRONZE HARNESS L/XL

A comfortable harness for unique dildos. Strapon sex is great. Feel good while you do it with this stylish and durable harness.

WHAT MAKES THE MYTHOLOGIC HARNESS SPECIAL?

Tying him up is amazing, and this harness makes it even better. The Fantasy Harness is a 100% European harness handmade with ecological materials, making it 100% vegan and easy to clean. The wide, comfortable hip belt and two leg straps are adjustable, so you can manage your comfort and control. Because it holds your dildo in place so well, you can confidently try any new position you want.

WILL MY DILDO FIT INTO THIS HARNESS WITH ADJUSTABLE STRAP?

Probably yes! The Mythologic Fantasy Harness adapts to any dildo with a diameter of up to 5 cm (Includes two flexible inner rings 4 and 5 cm respectively) as long as it has a base. Of course, we recommend trying it with one of our MYTHOLOGIC dildos, since their bases will allow you to get closer than ever.

WILL THE HARNESS FIT ME GOOD?

This adjustable harness is suitable for sizes 34 to 46, you should choose the size S/MOL/XL carefully. The belt and butt straps can be adjusted independently, so you can customize it to your body.

HOW DO I CLEAN IT?

An advantage of this material over leather is that it is very easy to clean. Simply wash it with water and laundry soap, either by hand or in a laundry bag in the wash.

Mythology harnesses will leave you speechless. The perfect combination of innovative materials, comfort and versatile design.

These straps are available in two sizes: S/M and L/XL. We chose these measurements so that they were suitable for all body types. They are adjustable at the waist with velcro and on their elastics with buckles. The design of the harness has been designed so that it can be used in several unconventional positions: on the knee, elbow, chest...

We are sure that these harnesses will not go unnoticed by customers. In recent years we have noticed a significant increase in sales of these types of items. You can combine them however you want, all Mythology dildos are compatible with these incredible harnesses.

We currently have two different terminations; one in a copper color, which will combine perfectly with Rune - Royal and another in an iridescent finish (it changes color depending on the angle of view and the incident light). A true gem for lovers of

fetish and pegging.

WE HAVE THOUGHT OF EVERYTHING

The harness has an elastic band on the sides that can be used to place the “Watchme” remote control, a bottle of lubricant, oil or whatever you prefer. This elastic is placed at hip height, on both sides of the body so that both right- and left-handed people can use it comfortably.

And it also has a secret inside! Behind the fastening area of the “strap” there is a small secret pocket, the perfect size so that a vibrating bullet can be inserted into it, so you can enjoy extra stimulation.

The dildo is held in place by two flexible rings. We promise you a strong and comfortable grip.

What are you waiting for to get one of these striking harnesses?

MYTHOLOGY consists of a range of dildos, all of them made of high-end silicone, available in two versions (with vibration and without vibration) and different sizes (S, M, L). The version with vibration, rechargeable, compatible with Watchme technology.
