How is it used?

1. To charge your vibrator, connect the charger's USB cable to a USB adapter. Connect the other part of the USB cable to the base of the vibrator (at the bottom of the vibrator). While charging, a blue light on the control panel will flash to indicate charging is taking place. Once charged, the light will stop flashing to indicate it is ready for use. Please note that the first time you use it, or if you haven't used it in a long time, the light may not turn on for a few minutes.
2. If you want to massage yourself internally, use a condom.
3. To turn on your vibrator, please press and hold the button for 3 seconds.
4. If you quickly press the button , manual and in the first vibration mode. Every time you press the button will change

the vibration mode, going through the 10 available modes. In both standby or manual mode, by holding down the button The vibrator will change to automatic mode. Vibrator mode starts when you touch the sensitive metal around the control panel.

5. .To turn off the vibrator, hold the button pressed for 3 seconds.
6. .Every time you use it, be sure to clean your vibrator with warm water and antibacterial soap. After cleaning, dry it with a clean, soft towel and store it in the included bag in a cool, dry place. The vibrator will go into mode.

Warnings

◆ Make sure to charge the vibrator fully before use.

◆Clean/disinfect your vibrator with warm water and antibacterial soap.

◆Use only water-soluble lubricants. Never use massage oils, hand creams or other types of lubricant
