Product description

Formulated from the highest quality ingredients, ID Glide is a water based lubricant designed to enhance the pleasure and comfort of those most intimate moments.

If you want a natural feeling lubricant for use with your partner, with toys or by yourself ID Glide ticks all the boxes. It provides that extra glide and slide that people need for smooth intercourse and more enjoyable foreplay.

It is also a non sticky, non staining sensually slippery lubricant which not only has a beautifully silk smooth feel but is extra long lasting & can be reactivated with a quick lick or spritz of water.

ID Glide is a doctor recommended brand and is safe with all condoms.
