Product description

The AFTER DARK perfume is created for women, for those moments when the night comes into play or when you enter a more intimate field with your partner or lover. Its spicier aroma will make you attract the opposite sex or make you seem more attractive your partner without them knowing the reason. Take advantage here to combine various products such as petals or massage candles. It can be used daily without any problem.

- Apply the perfume to the wrists, behind the ears and near the clavicle. If you want to increase the natural function of pheromones, apply a little below the navel. EOL men's line pheromone perfumes are made with today's woman in mind. With a sober and elegant design packaging, the fragrances are also suitable for any woman and it is possible to choose one depending on the time of day in which you want to use it.

Sharp. Sexy. Bold. Do you want your evening to end with something more than a kiss? After Dark is the perfect aroma to accompany you on a date night or relive the passion with your partner.

Designed for women who want to attract men, notes of orris, grapefruit and galbanum oil come together to make this our most sensual scent yet. Floating just below the surface are the irresistible delights of white chocolate and jasmine, all backed with a beautiful base of costus root, vanilla and ambergris. In addition, it is combined with the perfect mixture of pheromones.

The fragrance is undeniably evocative from the start – a cabaret of the senses if you will – adding richness and warmth to everything a woman touches. Presented in a luminous gold-tone bottle, the fragrance projects the inner glow in every woman. If you are looking to be irresistible, you are in the right place. Start your foreplay off with a splash of After Dark and see what happens. we challenge you

Tips

Application Tips

Apply to pulse points (wrists, neck, behind ears). Do not over-apply – a little goes a long way.
