How does it work

This exclusive invigorator improves sexual relations naturally. The drops are easily and quickly absorbed by the body and provide more sexual vitality. Its balanced formula takes advantage of the energetic properties of ingredients such as Ginkgo Biloba and Siberian Ginseng. Eleutherococcus extract, or Siberian ginseng, is traditionally known for its healing, balancing and energizing properties. Serenoa Serrulata extract can promote good health of the sexual organs and sexual vigor. Ginkgo Biloba improves stamina and, in parallel, sexual energy, with which a more intense sexual desire can be felt.
