Product description

The main ingredient of this unique product is Ginkgo Biloba. This plant extract stimulates the blood flow and blood circulation of the body and the genitals. This has a positive effect on the cognitive function and can improve the experienced sexual stimuli.

Eleutherococcus extract, or Siberian Ginseng, has an positive effect on that part of the brain which is responsible for the release of sexual hormones. Siberian Ginseng therefore stimulates the sexual desire and arousal.

L-arginine HCL stimulates the blood flow to and in the genital organs, which has a positive effect on the sexual performance. Serenoa Serrulata extract contributes to the sexual power and healthy function of the genitals.

* This product contains a label with instructions provided in the following languages: /en/de/fr/es/it/nl/
