Heart full of Love & Desire

100 naughty nights for him and her!

MOODZZ expands its successful heart series with the stimulating 'Heart Full of Love & Desire'. Each member of the couple can select an activity weekly to surprise, discover and get to know each other better. The trials are tender, intimate, sometimes even fiery, and lead to the pure passion we all seek.

The heart-shaped box contains 100 rolls of paper: fifty pink with tests for her and fifty white for him. This way you can select, almost throughout the year, twice a week, an exciting challenge to spend a naughty night, which leads to a playful exploration where everyone gets the attention they deserve.

An example of a pink activity (for women):

- Smear your breasts and belly with massage oil and massage your partner's shoulders, back and buttocks with them. In short, give him a real body-to-body massage.

An example of a white activity (for the man):

- You are going to take a delightful journey through your partner's body. Sensually run a feather, your nails, the tips of your fingers or your tongue over her body.

Heart full of Love & Desire encourages taking the initiative to satisfy each other. He to her and she to him, and in this way get closer to each other more erotically.
