### Product description

Fruity Love Massage Oil is the perfect balance between long-lasting, gentle lubrication and gentle friction that doesn't overload the muscles. The result is a slow, sensual and relaxing massage.

The luxurious massage oil base is an innovative professional formula that includes several exclusive vegetable oils such as Jojoba, Macadamia Nut and Hemp Seed Oil. Pure Silicone ensures long-lasting lubrication and a silky skin feel. Other ingredients like Aloe Vera and Vitamin E enhance its ability to nourish the skin.

The massage oil base is then enriched with a blend of Pure Essential oils, many of which are known for their aphrodisiac effects and other effects that exert different positive influences on the human body and soul.

In addition, the formula has a higher viscosity than conventional massage oils, which makes it easier to handle and favors a slower massage that requires less muscle strength.
