### Product description

Woman Sensitive is based on Swede's innovative water-based Aqua Comfort formula. But here Swede has also added several natural active substances which have nourishing effects in the vaginal area and help to prevent irritations and discomfort.

**Aloe Vera:** Swede has added generous amounts of Aloe Vera. The healing power of Aloe Vera is well known around the world, but it also contains high levels of Glycoproteins - the structural component of natural vaginal fluid.

**Flax Seed Extract:** Swede has added Flax seed extract which contains a high level of mucins and therefore has a very positive effect on the sensitive vaginal and anal mucous membranes. Flax seed extract is also a powerful antioxidant which is beneficial to the soft tissues.

**Chamomile Extract:** is an anti-allergenic agent, with irritation-relieving effects. It also has anti-inflammatory and antiseptic properties.

**Piroctone Olamine:** is an active fungicide that helps to prevent vaginal yeast infections.
