Product description

Longest Lasting Slip! ID Millennium ® is here to provide you with the ultra-long-lasting lubrication that you’ve been looking for in a personal lubricant!

Designed with our long-lasting formula, this silicone based lube will have you completely lubricated with just a few drops. One of the best parts about this product is that it doesn’t leave behind any sticky residue like some other lubricants can.

Millennium ® is a light and smooth feeling lubricant that will cause absolute pleasure for you however you decide to use it. This lube doesn’t know the meaning of the word quit! Manufactured using high-quality silicone, ID Millennium ® is sure to stay slippery for as long as you need it to. Its slip is so strong and long-lasting that it will even maintain this amazing slipperiness while under water. This gives you far many more options when you decide to go on a more adventurous escapade. Safe to use with latex you can fully enjoy this product while playing with your favorite toys.

The formula also enhances masturbation for a far more enjoyable experience. The versatility of our silicone-based formula allows for a wide range of application during intimate sessions. Our clear, odorless formula is by far top choice when looking at silicone based lube.

ID ® offers a safe and reliable silicone product for your sexual needs. We have a track record of producing excellent lubricants, and you’ll find that this one is no exception. Millennium ® is latex compatible and is also great for all-over massages when you want to treat your partner to something more than just sex.

The merging of all these qualities in our special formula will make your next sexual experience last a Millenium ®!
