### Product description

69 questions..., the truth is the only thing that counts

69 challenges..., for those who dare

After the overwhelming success of "The Truth Game - Erotic Party Edition", the well-known game for groups of friends, MOODZZ has created an intimate version for couples.

Like its predecessor, this erotic game for two contains 69 very personal questions and 69 very provocative challenges. This daring and extremely exciting game will bring you much closer to your partner, both in and out of bed.

This daring and erotic game is designed for a couple, but you can play with more people. In that case, will you choose your own partner when you have to face a challenge, or...? Decide together what will make you enjoy the most.

Flip the "Truth or Dare" coin included in the game to find out what type of card you should take. With TRUTH cards, you will only earn points if you give an honest answer. And the more details, the better! With CHALLENGE cards you will earn points by successfully completing a challenging challenge. The number of hearts on each card determines how many points you can earn. Don't you want to answer the question or perform the action you were asked to do? No problem... but those points will be subtracted from your score. Everything is allowed, but nothing is mandatory. How far will you dare to go together?

Some examples of questions and challenges:

- - For at least 30 seconds, imitate how your orgasm slowly increases in intensity until you explode. Use your whole body if you need to and don't forget to add sound effects.
- - What sexual practice would you love to do with your partner but you have never tried together?
- - Do you dare to bet that you are able to find at least five of your partner's erogenous zones using only your tongue? To decide if you have passed the challenge, your partner will have to be a stern but fair judge. Ready, Set, Go!

You can play "The Game of Truth - Erotic Edition for Couples" as a couple or among several couples. This daring and passionate game guarantees an authentic, exciting and fun-filled experience. If you play with points, decide in advance the winner's prize (and what you expect from the loser).

It's time for "The Truth Game - Erotic Edition for Couples"! Who dares?
