Product description

The ideal complement to hours of sensual delight!

The pleasant and water-based Original AQUAglide provides a light and reliable solution for when the vagina’s natural lubrication is insufficient. But even without this problem, it provides greater intensity of sensation and excitement during lovemaking. And AQUAglide provides numerous advantages compared to other lubricants. You can use it as a high-quality massage gel, for instance, or as the ideal complement when using latex condoms or our seductive Lovestyle toys. Or spice up oral sex with the sinfully delicious scent and flavour varieties such as strawberry, cherry, banana, exotic, and raspberry.

No matter how you use it – with AQUAglide, you and your partner will reach new pinnacles of pleasure during lovemaking! This is confirmed by all the men and women who have made AQUAglide to one of europe’s most popular lubricants for over ten years now. And then of course the excellent test results from numerous well-known consumer associations!

The many advantages of AQUAglide:

- approved as a medical-grade product
- water-soluble and fat-free
- subject to constant quality control
- also suitable for oral intercourse
- features long-lasting lubricating properties
- pH-optimised
- highly effective, with a little going a long way
- MADE IN GERMANY
- subject to regular medical and dermatological testing
- suitable for use with condoms
- available from chemists, well-stocked erotic retailers, and via the Internet

Original AQUAglide anal medical-grade lubricant specially developed for the anal region Odour- and flavour-neutral

- 100 ml,

Lube Guide

Water-Based Lube Guide

Water-based lubes can dry out during long sessions – reactivate with a few drops of water or saliva. They leave no stains and wash off easily with water.

Our selection includes hypoallergenic, pH-balanced, and organic options for sensitive skin.
