Product description

Tower of sex is the game in which you can play in two fun ways. Roll the dice and remove the wooden pieces being very careful not to knock down the tower while you enjoy performing the spicy tests that you will find in each piece.

CONTENTS:

- 48 wooden pieces of 4 colors (12 pieces per color)
- 2 numerical dice
- 1 colored die

GAME RULES:

The pieces are placed in a tower ordered by color, the pieces are placed by floors, 3 pieces per floor, thus leaving Each colour is made up of 4 levels of pieces (To help you build the tower, you can look at the picture on the box)

The pieces are numbered from 1 to 12 in four colours: wood, pink, fuchsia and black.

The youngest player starts the game. Then it is the other player's turn, and so on.

SIMPLE MODE: COLOUR DICE.

You can play with just the coloured die, rolling it and removing one of the 12 pieces of the colour that the die indicates. If the die indicates two colours, choose one. Remove the piece very carefully so that the tower does not collapse. Check the number on the card in the instructions and take the test right then and there.

Play until the tower falls. The loser is the person whose tower collapses when they remove a piece. The winner is the one who hasn't knocked down the tower and has the right to choose the favorite place in the house or the one you've never used for sex after the game is over.

ADVANCED MODE: COLOR DICE + NUMERICAL DICE.

You can play with the colored die and the two numerical dice, rolling the colored die first and then the 2 numerical dice to see what happens. The color and number of the piece you must remove has.

If the number or color indicated by the dice when rolling it is no longer in the tower then you lose your turn.

If a player drops the tower when removing a piece, he decides whether to declare himself the loser of the game or wants a rematch. If he wants a rematch, the loser must be left naked to start the game.

If the loser does not want a rematch then the winner decides what to do. The place in the house where you have never had sex wants to use to give free rein to passion.

If the loser of the first game agrees to a rematch and wins the second game, then there would be a tie, it is time to rebuild the tower to play again and see who is the definitive winner who gets the reward.
