Product description

It is the new generation of intimate lubricants, specially formulated to emulate natural lubrication and facilitate penetration.

This lubricant is formulated from pure vegetable glycerin and a natural derivative of corn, both certified organic.

Its delicate texture intensifies the sensations experienced during intense sexual moments.

It can be used with adult latex accessories and is water soluble.

Compatible with condoms.

Quantity: 165 ml.

Shunga is the world leader in erotic cosmetics, its natural ingredients fused with active ingredients achieve great results.

Entering the erotic world of Shunga is like traveling to the past. Literally translated, Shunga means 'spring image', a delicate way of saying 'sexual relations' between people.

This word was used to designate Japanese erotic paintings of the 16th, 17th and 18th centuries, a type called ukiyo-e, which were nothing more than works on wood or parchment with sensual scenes and episodes of carnal love, always made with great care. and good taste.

Shunga art, although hidden for centuries, marked the beginning of the pornographic industry for the Japanese middle class and served for generations as an education for the sons and daughters of many families.
