### Product description

Fabulous container to sterilize your cup. It's folding and you will disinfect your menstrual cup without any problems.

- 100% medical silicone
- Max. inner diameter: 7 cm
- Total length: 8.6 cm
- Phthalates free
- Compatible with the most of menstrual cups

How to use:

Fill the container with water, insert the menstrual cup into the Cup and boil in the microwave with open lid during 2 or 3 minutes.

With this simple process you can sterilize your menstrual cup in less than 5 minutes from a simple and effective way.

Due to its size, you can take it anywhere you travel.

Effective and fast!

### Cleaning Guide

#### Cleaning Guide by Material

Silicone: soap & water, boiling, or bleach solution. Glass/Metal: soap & water, boiling, or dishwasher (top rack). TPE/TPR: soap & water only (no boiling). ABS plastic: soap & water only.

Never use silicone lube on silicone toys – use water-based lube instead.
