Product description

Black Hole, without a doubt the best option, a dilator and relaxer, is specifically designed for anal sex, being the dilator lubricant par excellence. It is a very high-quality anal lubricant recommended for both those who want to start practicing anal sex and for experienced users. Many couples are curious, but many don't dare to try it... The idea that it can cause pain often makes it put aside this practice, being one of the most pleasurable.

Black Hole Anal Relax was developed especially for anal pleasure. The mild numbing effect effectively relaxes the sphincter, ensuring painless penetration without loss of sensitivity. Simply massage gently into the anus, let it work for a short time, and begin your relaxed anal love adventure.

The lubricant's special grease-free composition is water-soluble and therefore easy to wash off with water. It is colorant-free and leaves no residue, even during exciting moments. With a silky-smooth consistency that feels pleasant on the skin and optimal coverage, realax Black Hole Anal is ideal for satisfying and worry-free lovemaking. Quality made in Europe!

Characteristics:

- High relaxing and dilating power
- Water-based lubricant
- Special for strong dilations (e.g. fisting)
- Compatible with condoms
- Colorless, odorless and tasteless
- Non-greasy
- Format: 70 ml

BLACK HOLE ANAL RELAX

We build on experience and the importance of trying new things and expanding your sexual horizons. The eternally taboo topic of anal sex is now socially acceptable and practiced as normal by millions of people. This slightly numbing lubricant was developed to make it easier for you to begin anal intercourse.
