Product description

Experience an unprecedented intimate experience with **Kissable Blackberry Intimate Gel**, developed with plant-based active ingredients from the Amazon rainforest. This innovative formula combines the pleasures of physical contact with a powerful synergy of sensory effects: vibration, pulsation, and heat, to take your encounters to a new level of intensity and discovery.

Its delicious blackberry flavor and aroma awaken the senses and transform each application into an enveloping, aphrodisiac experience. Ideal for foreplay, oral sex, and penetration, this gel stimulates erogenous zones with sensations lasting for over 30 minutes, intensifying pleasure and facilitating deeper orgasms. Thanks to its water-based composition, it is compatible with latex condoms and sex toys. Its silky, non-sticky texture adapts to any skin type, offering a safe, pleasurable, and exciting experience for all bodies.

MAIN BENEFITS:

- Combined effects of vibration, pulsation, and long-lasting heat.
- Active ingredients from Amazonian plants with stimulating properties.
- Irresistibly aphrodisiac blackberry aroma and flavor.
- Ideal for oral sex, foreplay, massage, and penetration.
- Compatible with condoms and sex toys.
- Unisex product, safe for all skin types.

INSTRUCTIONS USE:

Apply a small amount to the external intimate area and massage gently. Wait a few seconds for the sensations to activate. Can be reapplied to prolong or intensify the effect.

PRECAUTIONS:

For external use only. Avoid contact with eyes. Keep out of reach of children. Store in a cool place, away from direct sunlight and heat sources. If irritation occurs, discontinue use and consult a healthcare professional.
