How does it work

These unique tablets contain a balanced combination of magnesium and various B vitamins, including vitamins B1, B6, B8 and B12. The highest quality ingredients are a good contribution to enjoy a healthy lifestyle and offer optimal support to the body and mind. Magnesium helps regulate energy metabolism. This essential mineral also contributes to the proper functioning of nerves and muscles. Vitamin B1, vitamin B6, vitamin B8 and vitamin B12 also help regulate energy metabolism and help the nervous system to function properly. Additionally, these B vitamins reduce fatigue and boost mental function. The combination of B Vitamins and Magnesium reinforces the proper functioning of the nervous system, physical performance and mental well-being.
