Product description

Kama Poker is a game where the two exciting worlds of poker and Kama Sutra meet and combine.

The goal is for two or more players or partners to experience an exciting and erotic adventure together. You certainly don't need to be an experienced poker player, as you are not going to win a lot of money, but rather exciting and erotic moments full of passion with Kama Poker.

The game builds up (sexual) tension over several rounds, in which players undress, touch and caress each other until they end up sexually excited in the ecstasy round.

By folding, raising or bluffing at appropriate times, players can influence the erotic outcome of the game and its pace. The more you win, the more you will master the game. Kama Poker is a perfect game for 2, but additional players could provide more excitement and fireworks, we'll leave the challenge up to you. Never before has a game of poker been so exciting!

PS: On average, women win more often than men.
