Product description

T5 is an intimate delay for men based on herbal extracts, ideal for maximizing the duration of sexual relations.

Like Tauro Extra Power and unlike other retardant sprays on the market, T5 does not anesthetize or cool, keeping the sensitivity of the area unchanged. Its completely natural herbal formulation does not contain lidocaine and benzocaine or other local anesthetics, and allows you to enjoy sexual intercourse safely.

To use it correctly, simply apply one or two mists to the glans of the penis 30 minutes before sexual intercourse. T5's innovative formula allows you to experience sexual relations in the best and long-lasting way. Thanks to its composition free of local anesthetics such as lidocaine and benzocaine, all the sensations of the intimate relationship will remain unchanged, blocking the nervous impulse of ejaculation at the moment of maximum pleasure, thus guaranteeing an extremely long-lasting sexual relationship with maximum sensitivity

- Retardant based on herbal extracts
