Product description

Kamasutra Poker is a game where the two exciting worlds of poker and Kamasutra meet and combine.

The goal is for two or more players or partners to experience an erotic and exciting adventure together. You certainly don't need to be an experienced poker player, since you are not going to win a lot of money, but rather exciting and erotic moments full of passion with Kama Poker.

The game builds up (sexual) tension over several rounds, in which players strip, touch and caress each other until they end up in a sexually high spirit in the ecstasy round.

By folding, raising or bluffing at the right times, players can influence the erotic outcome of the game and its pace. The more you win, the more you will master the game. Kama Poker is a perfect game for 2, but additional players could provide more excitement and fireworks, we'll leave the challenge up to you. Never before has a game of poker been so exciting!

PS: on average women earn more than men...
