Product description

Naturelle are the best condoms in the Pasante range. Ultra lubricated and resistant, they allow you not to lose sensitivity during sexual relations.

Pasante Naturelle condoms are thinner and much more comfortable than the others. The upper part of the Naturelle is slightly wider, ensuring greater comfort in the glans area, the most sensitive area of man. It is thin, but ultra secure since it is extra lubricated. Increased lubrication ensures longer use compared to other standard condoms that tend to dry out.

In 2016, Pasante Healthcare Firm was acquired by Karex Bhd, the largest condom manufacturer in the world, being a strategic fit for both companies as it will allow its growth and investment in Pasante and its subsidiary brands. Pasante offers the largest selection of condoms in the world, all manufactured to the highest quality standards. All Pasante latex condoms carry both the kitemark and the CE mark, while non-latex condoms carry the CE mark.
