Product description

Flare for Women by PheroStrong® is a passionate and sophisticated fragrance, created for the woman who leads with intensity and elegance. It opens with a burst of pink pepper and bergamot—bright, sparkling and full of confidence. At its heart lies a rich floral blend of Bulgarian rose, Turkish rose and Egyptian jasmine: lush, romantic and deeply expressive. The base of creamy Madagascan vanilla and warm amber delivers a velvety finish that lingers beautifully on the skin. Flare for Women is not just a perfume: it is an aura, a presence, a sensual signature for bold, unapologetic women.

We all want:

- To make a positive and unforgettable first impression, to be at the center of attention.
- To inspire confidence, openness and kindness in the people we meet.
- To achieve professional success, increase our effectiveness and earn promotions.
- To enjoy respect and recognition from those around us—to be a happy, loved and fulfilled woman or man. To be a SUCCESSFUL PERSON!
- To awaken desire in the opposite sex, attract glances and seduce with natural sensuality.
- To be a passionate lover who electrifies the senses and fulfills desires without inhibition.

PheroStrong® pheromones may influence how we perceive others and how they perceive us, supporting communication, confidence and a sense of security. Thanks to their effect on alpha brainwave activity and neurotransmitters, they are used both in professional environments and in daily life or intimate relationships. PheroStrong® serves as a tool to enhance communication, personal presence and relationship quality, subtly and naturally shaping the atmosphere around you.
