Product description

Silicone lubricant fused with Jojoba, an essential component for intimate anal relations.

Its main qualities are;

- Designed for Men
- Silicone base fused with jojoba
- Special anal sex

One of our products designed for gay men and to improve anal sex. We combine silicone and jojoba lubricant.

The long-lasting lubrication properties of the silicone formula and the addition of natural jojoba extracts help relax the anal sphincter, while the skin will be noticeably softer and more supple.

The ingredients are the same as in our Pjur Analyze Me. Rest, slide, but in a higher concentration. Pjur Back Door is very slippery and is safe with condoms.

When combined with Pjur Back Door Spray, they make the perfect team.

Pjur ® is a world leader in the manufacture of anal and vaginal lubricants, as well as delayants and enhancers, they are long-lasting, their reliability and durability is a benchmark in the sector.

250ml container.

Silicone Lube Guide

Silicone lubes are waterproof – perfect for bath, shower, or pool. They do not wash off easily, so expect long-lasting glide. Some people find them difficult to clean up.

Our silicone lubes are body-safe, odorless, and tasteless – ideal for all types of play.
