Price	**68.90 £**
Number	**70138445**
Producer code	**FETISHID-237012**
EAN	**6959532328172**

Product description

Enjoy targeted, personalized pleasure inside and out. The angled G-spot head hits your inner sweet spots just as the smooth, medical-grade silicone glides inside you. Once in place, the motor at the tip delivers 7 vibration modes, while the rabbit head delivers 7 pounding patterns, right on your sensitive spot.

A suction-enhancing G-spot vibrator is an innovative and exciting sex toy designed to provide a unique and highly stimulating experience. This device features an ergonomic design that comfortably fits the female anatomy, specifically for G-spot stimulation. Made with high-grade medical silicone, the toy is soft to the touch and body-safe, providing a pleasurable sensation during use.

The main feature of this vibrator is its suction capability, which combines with vibrations to offer an intense and completely personalized intimate experience. The suction function simulates the sensation of sucking and pulsating, providing additional stimulation that realistically mimics oral pleasure. This combination of vibration and suction allows users to explore deeper levels of sensation and pleasure.

The vibrator typically has multiple vibration modes and adjustable suction levels, allowing people to customize their experience to their individual preferences. From gentle vibrations to more intense patterns, this toy offers a variety of options to explore and discover new sensations.

The toy's design often includes a curved or bulbous tip to effectively stimulate the G-spot, while the suction is concentrated on the desired area, maximizing satisfaction. The softness of the silicone makes insertion easier and improves comfort during use.

This vibrator is rechargeable via a USB cable, eliminating the need for disposable batteries and ensuring it's ready for use at any time. The battery life is typically long enough to enjoy extended sessions without worry.

Proper cleaning after each use is crucial to maintaining the toy's hygiene and prolonging its lifespan. Following the manufacturer's instructions ensures a safe and satisfying experience every time.

CHARACTERISTICS :

- Function: 7 vibration functions + 7 tapping functions + suction function
- Charging: USB rechargeable
- Material: silicone
- Color: Brown
