Product description

Immerse yourself in the world of electrostimulation with this silicone finger cover from Pretty Love. The seven electro stimulants can be controlled by pressing the button on the edge. There are two electrical circulations inside the toy, so the electronic stimulation will work with both the inserted finger and the gold-plated part where you massage your sensitive areas. Made with a high quality, velvety soft silicone, free of phthalates. For internal use, electric toys should only be used with a sterile, water-based lubricant.
