Product description

This remote controlled cock ring with anal plug is a combination cock ring and vibrating anal plug that is held securely in place.

The plug can be easily controlled using the remote control.

The combination rings hold the penis and testicles securely and can effectively promote erection thanks to the blood congestion effect.

The vibrating anal plug with its special ball design and 12 different vibration modes can provide intense stimulation through the back door.

It is Silicone covered with a soft touch texture that feels great on your skin.

iStrengthens your penis and gives your backdoor pleasure at the same time!

Features:

- USB rechargeable
- Silicone material
- Wireless remote control
- Twelve vibration functions

It can be recharged with the included USB cable and the remote control works with a AAA battery.

Pretty Love manufactures products with demanding quality standards, all of its products are designed in the United States and have a 1 year warranty on technical defects
