Product description

This sophisticated vibrating wand features an exceptionally powerful motor in its wide head, which has a flexible neck to help you select 10 vibration modes and 9 speed levels wherever you want them most. The bulbous body is compact for comfortable grip and lightweight enough. It has an easy-to-use digital LCD screen that shows settings and battery level. It is the perfect complement for the bedroom of couples who enjoy intense, sensual and full vibrating contact.

Discover a world of intense sensations with our vibrating wand designed to take pleasure to a higher level. This wand combines power, versatility and elegant design to satisfy all your erotic desires.

- **Flexible and Soft Head** : The soft and flexible silicone head adapts comfortably to the contours of your body, allowing precise stimulation in your most sensitive areas. Plus, hypoallergenic silicone provides a soft touch experience.
- **Ergonomic Design** : The wand is designed to be easy to handle, with an ergonomic handle that fits comfortably in your hand. This allows you to effortlessly explore different angles and areas of your body.
- **Massage and Relaxation Function** : In addition to being a powerful sex toy, this wand can work as a body massager to relieve tension and stress. It is perfect to enjoy moments of total relaxation.
- **Multiple Vibration Modes:** Explore a variety of sensations with its multiple adjustable vibration modes. From gentle pulsations to intense vibrations, you can customize the experience to your preferences.
- **Soft-Touch Medical Silicone** : Made with hypoallergenic medical silicone, our vibrator feels soft and luxurious against the skin, ensuring a comfortable and safe experience.
- **Rechargeable and Waterproof:** Forget about worrying about batteries. This vibrator is rechargeable so you never run out of power at the crucial moment. In addition, it is waterproof, allowing you to enjoy it in the shower or bathtub.
- **Easy and Intuitive Control:** With easy-to-use controls, switching between modes and adjusting intensity is simple and hassle-free.
