Product description

This remote control butt plug cock ring is a combination cock and ball ring with a securely attached vibrating butt plug.

The socket can be easily controlled by remote control. The combined rings hold the penis and testicles securely and can support the erection effectively due to the blood congestion effect. The inserted anal plug with its special curved design and 12 different shock and vibration modes that will provide intense backdoor stimulation.

It is covered in silicone that has a soft-touch texture that feels great against the skin. Strengthens the penis and gives pleasure to your backdoor at the same time!

The wireless remote control adds an element of convenience and fun to the experience. With the touch of a button, the user can adjust the intensity, switch between vibration and pulse modes, and control all functions without interruption. Additionally, remote control allows the couple to actively participate in the experience, creating new possibilities for shared intimacy.

The vibration and pulsation function offers a wide range of sensations to suit individual tastes. From gentle relaxing vibrations to more intense pulsations, this massager allows users to personalize their massage experience according to their specific preferences and needs at any given time.

Plus, rechargeable technology makes this toy environmentally friendly and saves you the hassle of changing batteries frequently. Simply plug the device through the charging port and wait for it to charge to enjoy worry-free massage sessions.
