### Product description

Enjoy your privacy while traveling with the comfort of home with this travel developer.

This travel-sized collection transforms a developer into a combination masturbator and suction pump.

This deluxe 9-piece kit comes in a convenient, easy-to-carry case with a beginner's pump, 3 Fanta-Flesh attachments that will make you feel like you're having vaginal, anal and oral sex, a waterproof vibrating bullet, a cock ring and free samples of Moist Lubricant, Pump Worx Toy Cleaner and Thickening Cream.

The Fanta Flesh heads are very easy to attach, and you have the option of attaching the vibrating bullet to extend your pleasure.

- 100% Phthalate Free.

They will wrap every millimeter of your magic wand of pleasure.

With each squeeze of the medical-style pump, your pleasure will rise higher and higher until you reach the heavens of pleasure.

Once you insert your penis through the PVC opening, you'll see how it becomes as hard as a rock, as rigid as a tree, and longer lasting than Methuselah, and at the same time, you'll enjoy the sensation more and more...

The clear vacuum tube lets you watch your big boy grow, and the quick-release valve lets you relieve pressure.

To prolong your erection, slide the ring along your member until you find it comfortable, but snug.

Once you're done, and to keep it looking like new, we recommend simply detaching the cylinder from the vacuum pump and cleaning it with warm water and our Pump Worx Toy Cleaner.
