Product description

G-SPOT VIBRATOR

People have talked about wanting a powerful, penetrating, rumbling vibration. REWOCLASSY with a design that offers a deep vibration that is distributed from the base to the tip.

WHAT MAKES THIS VIBRATOR DESIGNED FOR PLEASURE SPECIAL?

Are you curious about the shape of REWOCLASSY? We love this vibrator because they create a rippling sensation every time you move the toy in or out. So, more incredible sensations with each thrust, without you having to make any extra effort.

Even better, this popular shape is made with FlexiREWO Technology™. Its flexible silicone shaft moves with you, making a large number of positions possible.

WHAT MAKES REWOCLASSY A GREAT G-SPOT VIBRATOR?

See the way the shaft curves? And the biggest ripple near the tip? That's so the REWOCLASSY can press against your G-spot as it moves, helping you find even more ways to feel amazing. Additionally, its deep waves of vibration are much more satisfying for inner play than lighter, more superficial vibrations.

IS REWOCLASSY EASY TO USE?

As simple as can be! The ergonomic handle and raised buttons make it very easy to operate the REWOCLASY from any angle, even if your hands are covered in lubricant. What if they are? Don't worry, this G-spot vibrator is 100% waterproof.

IS IT FUN TO USE IT EXTERNALLY?

Yeah. Try lubing the top ripple and running them along your clitoris while the toy vibrates. We recommend that you use an additional lubricant, such as AQUA, WATERFEEL OR NINA KIKÍ brand lubricant available in classic, silky or heat effect versions.

All Rewolution toys are of course waterproof and will be your perfect companion both in a romantic hot tub and under the comfortable sheets at home. The underwater vibrations of this fun companion are perceived by many couples as particularly intense.

In addition, since the vibrator is waterproof (IPX3), it can also accompany you in the most humid places, such as the shower or bathtub. If REWOCLASSY runs out of steam, its built-in batteries can be recharged using the included magnetic charging cable.

What is REWOLUTION inspired by?

Long before the feminist movement took its first steps during the French Revolution, there have been women of great power, intelligence and with the authority to change the world; an achievement that has double merit, taking into account the time in which many of them lived.

The example of these women showed a rupture of the social mold imposed by the dominant classes and the political, royal or ecclesiastical authority of the moment: that of women being subordinated to the power of men. While not all of them consciously worked for the equal rights movement, they helped inspire a moral and cultural transformation regarding the role of women in society.

Rewolution is inspired by the French Revolution adapted to the current era. A demand for rights for equality in all aspects.

Abortion, interracial relationships, sex outside of marriage, erotic and pornographic films, sex parties, family planning and, above all, easy access to different contraceptive methods ends up bringing us fully into the sexual revolution. One that, now, has women at the forefront. Men might have had theirs in the past and of course they were invited to this one, but only with the liberation of women could true change come to our society.

In recent decades, women have voluntarily and openly decided to become single mothers while making their way in their professional careers thanks to an autonomy that is no longer frowned upon. This lifestyle is further reinforced by the appearance of in vitro reproduction techniques in the early 1980s.

The second wave of feminism helps propel the third, in the early 1990s, bringing new issues to the table such as ecofeminism, lesbian feminism, and trans feminism. Women begin to take action on issues that, despite being derived from their own sexual revolution, were still controlled by men.

The history of women's sexual revolution continues to advance in the present, now driven by a fourth wave of feminism born last decade and that aims to tear down the loopholes of a sexist society by fighting against scourges such as sexual harassment or violence against women. women.

It doesn't matter what generation you are from. We are all protagonists of the sexual revolution and that is why we have created REWOLUTION!! Join the feminist movement and join the sexual revolution!
