Price	**50.06 £**
Number	**70138003**
Producer code	**FETISHID-228564**
EAN	**8435565924485**

Product description

SUPER POWERFUL EXTERNAL VIBRATOR

Energize your sex life with this dynamic tongue vibrator! The tips of the REWOLINGO flutter against the clitoris and lips with each roar of its powerful, deep motor. Its rhythmic movement stimulates blood flow and increases sensitivity, making vibration more fun than ever!

WHAT MAKES REWOLINGO SPECIAL?

The REWOLINGO's dynamic tongue movement makes your vibration stronger, increases your arousal and increases sensitivity, allowing you to feel more than ever before. Explore a variety of sensations, from the wild percussion of moving tips against your sensitive spots to vibration. You can even get it going with a basic vibration and a light touch, then amplify the vibration and movement of this powerful clitoral vibrator when you want to get down to business.

HOW DO I USE REWOLINGO?

First of all, this external vibrator is a clitoral toy. We recommend that you try placing the tips in different places, on each side of the clitoris, with one tip against the vaginal opening, around the labia, and find your favorite way to vibrate with REWOLINGO.

It's also a great toy for man! Put a little lube between the tips and slide it up and down your partner's penis while focusing on the glans. A spectacular feeling!!

CAN I USE THIS POWERFUL STIMULATOR WITH A PARTNER?

We encourage it! One cool thing about the REWOLINGO is that it fits easily between your bodies, while its loop handle makes it easy to hold during partnered sex. If you are someone who can't get enough strong vibrations, you can do it with a partner. In a toy small enough that you don't have to clumsily move around it. We recommend that you use an additional lubricant, such as AQUA, WATERFEEL OR NINA KIKÍ brand lubricant available in classic, silky or heat effect versions.

All Rewolution toys are of course waterproof and will be your perfect companion both in a romantic hot tub and under the comfortable sheets at home. The underwater vibrations of this fun companion are perceived by many couples as particularly intense.

In addition, since the vibrator is waterproof (IPX6), it can also accompany you in the most humid places, such as the shower or bathtub. If Rewolingo runs out of steam, its built-in batteries can be recharged using the included magnetic charging cable.

To finish, REWOLUTION offers you a 2-year warranty. Ready for action?

What is REWOLUTION inspired by?

Long before the feminist movement took its first steps during the French Revolution, there have been women of great power, intelligence and with the authority to change the world; an achievement that has double merit, taking into account the time in which many of them lived.

The example of these women showed a rupture of the social mold imposed by the dominant classes and the political, royal or ecclesiastical authority of the moment: that of women being subordinated to the power of men. While not all of them consciously worked for the equal rights movement, they helped inspire a moral and cultural transformation regarding the role of women in society.

Rewolution is inspired by the French Revolution adapted to the current era. A demand for rights for equality in all aspects.

Abortion, interracial relationships, sex outside of marriage, erotic and pornographic films, sex parties, family planning and, above all, easy access to different contraceptive methods ends up bringing us fully into the sexual revolution. One that, now, has women at the forefront. Men might have had theirs in the past and of course they were invited to this one, but only with the liberation of women could true change come to our society.

In recent decades, women have voluntarily and openly decided to become single mothers while making their way in their professional careers thanks to an autonomy that is no longer frowned upon. This lifestyle is further reinforced by the appearance of in vitro reproduction techniques in the early 1980s.

The second wave of feminism helps propel the third, in the early 1990s, bringing new issues to the table such as ecofeminism, lesbian feminism, and trans feminism. Women begin to take action on issues that, despite being derived from their own sexual revolution, were still controlled by men.

The history of women's sexual revolution continues to advance in the present, now driven by a fourth wave of feminism born last decade and that aims to tear down the loopholes of a sexist society by fighting against scourges such as sexual harassment or violence against women. women.

It doesn't matter what generation you are from. We are all protagonists of the sexual revolution and that is why we have created REWOLUTION!! Join the feminist movement and join the sexual revolution!
