MATERIAL AND CARE

It is recommended to use waterfeel water-based lubricant for better insertion and care of the product, since other lubricants could damage the toy. Carefully clean the toy before first use and after each use.

Nisha is made of silky soft medical silicone, which is extremely slippery and quickly absorbs your body heat. The toy can be easily cleaned with a little soap and warm water. With a little disinfectant toy cleaner, you can ensure a particularly thorough hygiene afterwards, ideally with the perfectly coordinated disinfection spray from Waterfeel. For maximum pleasure, always use your toy with one of Waterfeel's water-based lubricants that are perfectly matched to the product. The water-based vegan composition protects the material and keeps the surface of your toy nice and smooth.
