The flexible medical silicone tip surrounds your love button, caressing its interior without contact through 3 patterns with 4 levels of intensity pressure waves, while the upper part vibrates around it with 3 patterns and 4 levels of intensity with programs in one easy to use button. Pure lust of pleasure turned into orgasms and screams.

To change between wave stimulation and vibration modes, you just have to press twice quickly. Choose pleasure the way you prefer!

The knowledge kept by the ancient dynasties practicing intangible energy has been revealed. Avant-garde and high technology come together with the mystical to create the amplifier of the frequencies of definitive pleasure. Let the energy run through your entire spine from your clitoris and reach nirvana with all your senses.

According to the foundations of kundalini, energy is something that should flow freely and without impediments through our body. Energy blockages are common in our daily lives. On a sexual level for women, this translates into difficulties in achieving orgasm.

That's why we created Rithual™ Shushu™, the ultimate pleasure frequency amplifier. Non-contact vacuum stimulation has been specially designed to release the chakra of emotion and sexuality. With this you will achieve much more intense and vibrant orgasms, releasing the full potential of your energy channel.

The logo is inspired by the second chakra. It is located in the genital area and is responsible, among other things, for pleasure. It is represented by the color orange and with a 6-point flower shape.

Rithual™ Shushu™ is equipped with built-in batteries, so it can be recharged without harming the environment.

If necessary, a 5v mains plug can be added to the included magnetic USB charger, but you can charge your Rithual™ Shushu™ on any computer or laptop.
