Product description

FEMALE BOOSTER is a breast firming cream that acts on the upper, non-greasy layers of the epidermis, which will help you keep your skin elastic and toned.

- The plant extracts together with the marine elastin it contains are particularly recommended to preserve the delicate skin of the breasts, as well as their contour.
- Apply daily, massaging gently until the cream has been completely absorbed into the skin.
- Thanks to this effect, more voluminous and firmer breasts are achieved.
- Dermatologically tested. Anti-allergic.

Does not irritate the skin or mucous membranes. It does not have contraceptive properties.

125 ml container.
