Product description

AIR PUM BOOTY 1

Pump to pleasure! Experience function like never before with the all-new introduction to the inflatable vibrator world, the Air Pump Booty 1.

Equipped with a tip with an increasing diameter, this booty-pleaser is ideal for more experienced users looking for anal training. It also features a looped handle for easy use. Made from a firm body, the Air Pump Booty 1 is not at all flexible, however, once fully inflated, the surface of the tip becomes malleable, for peak comfort.

With a pointed tip for targeted stimulation, enjoy intensified feeling due to the increased tip diameter. No more longing for a “fuller” sensation, the Air Pump Booty 1 allows you to slowly increase the diameter of the tip, giving yourself the ability to find the perfect level for you.

The Air Pump Booty 1 inflates in under 12 seconds and can be easily adjusted during the filling process. To fill, simply repeatedly push the fill button, to release, simply double click. Also control the 12 different vibration settings using the +/- buttons. The Air Pump Booty 1 is made of body-safe silicone and is rechargeable. Pump it up!

FEATURES:

- 12 vibration programs
