### Product description

#### SATISFYER 'CURVY 1+'

Almost too good to be true, but it's an orgasmic reality !! This ergonomically curved clitoral luxury makes women's hearts beat faster: it combines unforgettable Satisfyer pressure wave technology with additional vibration and the new Satisfyer application feature. A unique pleasure.

#### FOR WOMEN WITH TREND

You know what you want: Satisfyer knows what you deserve. When it comes to pleasures of the clitoris, indulge yourself! The Curvy 1+ fits perfectly in the hand and cares for your skin with a smooth surface of medical silicone. In addition to its particularly sleek design, this sympathetic toy, of course, has other impressive arguments to offer: While non-contact pressure wave stimulation pampers your clitoris, the soft head cleverly caresses the vaginal lips.

#### GIVE IT POWER!

Your toy is equipped with built-in batteries and is therefore environmentally rechargeable. If necessary, the included USB magnetic charging cable can be supplemented by a standard 5V mains plug.

#### MATERIAL AND CARE

It is waterproof and is made of medical silicone, smooth as silk, which is extremely easy to slide and absorbs body heat quickly. The toy can be easily cleaned with a little soap under warm water. With a little disinfectant cleaner for toys, you can ensure especially deep hygiene afterward, ideally with Satisfyer's perfectly coordinated disinfection spray. For maximum pleasure, always use your toy with one of Satisfyer's water-based lubricants that perfectly match the product. They are available in the classic, silky and warm versions. The vegan, water-based composition protects the material and keeps the surface of your toy nice and smooth.
