Product description

SATISFYER 'CURVY 2+'

What began back then with the paradise of Eve's bite of the forbidden apple now culminates thanks to Satisfyer with the new Curvy 2+, the sweet sin of the extra class!

CLITORAL ORGASMS WITH PRESSURE WAVES + VIBRATION

This ergonomically curved ladylover fits perfectly in your hand and cares for your skin with a smooth surface made of medical silicone. But not only does it inspire with its noble design, its combination of contactless pressure wave stimulation and the vibrating application head will guide you to the highlight of paradise.

Who needs a snake with something like that? Unforgettable clitoral orgasms: There's nothing in the Bible, but Satisfyer writes a true story with satisfied women around the world: Contactless pressure wave impulses seduce your clitoris to the deep nerve endings; In addition, the ring at the top guarantees vibrations. With the push of a button directly on the toy (like a program) or via the app (even your own creations) you can control both functions separately and combine them with each other in a fun way. GOD BLESSED!!

GIVE IT POWER!

Your toy is equipped with built-in batteries and is therefore environmentally rechargeable. If necessary, the included USB magnetic charging cable can be supplemented with a standard 5V mains plug.

MATERIAL AND CARE

It is waterproof and made of silky-smooth medical silicone, which is extremely easy to slide and absorbs body heat quickly. The toy can be easily cleaned with a little soap under warm water. With a little disinfectant toy cleaner, you can ensure particularly thorough hygiene afterwards, ideally with the perfectly coordinated disinfection spray from Satisfyer. For maximum pleasure, always use your toy with one of Satisfyer's water-based lubricants that perfectly match the product.

They are available in classic, silky and warm versions. The water-based vegan composition protects the material and keeps the surface of your toy nice and smooth.
