Product description

Satisfyer Cutie Ghost: Chilling Clitoral Stimulation

Don't be fooled by the cute design of the Satisfyer Cutie Ghost: This ghost may not give you much pleasure. scary, but it has a terrifying power.

Two motors inside make this pressure wave vibrator vibrate and make you tremble with pleasure. Place the opening of the vibrator over your clitoris and experience contactless pressure waves with Satisfyer Air Pulse technology. Or you can pleasure your erogenous zone with vibration: combine the 11 pressure wave intensities and the 12 vibration programs as you like.

Thanks to its double layer of silicone, the Satisfyer Cutie Ghost not only has a beautiful design, but is also ultra-soft on the skin.

Satisfyer Cutie Ghost: A lay-on vibrator that will inspire you

The Satisfyer Cutie Ghost creates high pressure waves even underwater. Waterproof processing (IPX7) allows for clitoral stimulation in the shower or bathtub. The lay-on vibrator includes a USB charging cable so your sessions are never left half done. The Cutie Ghost can also be easily cleaned with water, mild soap, and pleasure device cleaner. Experience orgasms that will leave you with goosebumps.
