**Satisfyer Deep Diver Connect App: Immerse yourself in the world of anal stimulation**

With the Satisfyer Deep Diver Connect App you can enjoy outstanding versatility: The vibrating anal plug stimulates you with an ascending, voluminous spherical structure with 2 elements, making the device easy to insert. So the Deep Diver is great for anyone who already has some experience with versatile anal play and would like to switch from anal beads to anal vibrators, for example. The powerful motor seduces you with intense vibrations, while the elongated, wide base always ensures pleasure.

**Extra versatility with the Satisfyer Connect app**

The Satisfyer Deep Diver Connect App also offers you the option of app control: With the free Connect app, you can control the anal vibrator worldwide via the internet, link the device with your favorite playlist on Spotify or create your own vibration programs and transfer them to your Satisfyer – the possibilities are endless! The 12 preset vibration programs on the butt plug can be controlled intuitively via the One Touch Button even without the app.

The waterproof (IPX7) material means the Satisfyer Deep Diver Connect App can also be used in wet areas such as the shower or bathtub. And the smooth surface made of body-friendly silicone can be cleaned easily with warm water and mild soap. The integrated batteries can be recharged with the included USB charging cable.

With their diverse shapes, manageable size and easy operation, anal vibrators from the Satisfyer Plug Vibrator series are particularly great for beginners to anal play. We always recommend the use of a water-based lubricant for smooth pleasure.
