- Rechargeable Li-ion battery
- Magnetic USB charging cable included
- Easy to clean 10 vibration programs

What can the Satisfyer Double Fun couples vibrator do?

The Satisfyer Double Fun will enrich your love life with powerful vibrations that stimulate both of you sensually. The classic U-shape couples vibrator is worn during lovemaking and stimulates the entire penis as well as the G-spot with its insertable shaft. The second motor is hidden at the other end of the couples vibrator and stimulates the clitoris at the same time. The couples vibrator is made of body-friendly silicone, which feels especially soft on the skin. Your fun together can also continue in the shower or bathtub: Thanks to its waterproof (IPX7) finish, the Satisfyer Double Fun is the ideal companion for wet and wild pleasure. If your device ever runs out of steam, you can recharge the integrated batteries with the included USB charging cable.

Couples vibrator with remote control and app control

It’s also intuitive to control: The various vibration programs can be controlled via the control panel on the couples vibrator itself, via the included wireless remote control or via the Satisfyer Connect App. You can discover even more upgrades for your lovemaking with app: You can create your own vibration programs, take control of your partner's Satisfyer or link your account to Spotify and more - there’s a lot to discover! The app is free and available for Android, iOS and Apple Watches.

App Guide

Long-Distance Love

App-controlled toys allow your partner to control your toy from anywhere in the world – perfect for long-distance relationships. Most apps offer secure, private connections.
