Enjoy a breath of fresh air while making love with the Satisfyer Double Love! The couples vibrator with 2 motors will impress you with its classic U-shape, which stimulates both partners with powerful vibes. The slightly curved shaft is inserted vaginally and simultaneously stimulates the G-spot as well as the penis, while the upper part titillates the clitoris. The body-friendly silicone also seduces you with its smooth feel. The Satisfyer Double Love also has a lot to offer optically: The sophisticated details made of high-quality, real metal lend your lovemaking a touch of luxury.

Even more fun with app control

The Satisfyer Double Love can be controlled with the included wireless remote control as well as with the free Satisfyer Connect App. You can discover new facets of your love life together using the app: In addition to controlling your device remotely, you can also create your own vibration programs or have audio and video chats.

What are you waiting for? The couples vibrator is waterproof (IPX7) so it can also enrich your love life in the shower or bathtub with its hot vibrations. If your couples vibrator ever runs out of steam, you can recharge the integrated batteries with the included USB charging cable.
