- Made from super soft, skin-friendly medical-grade silicone
- IPX7 Waterproof
- Easy to clean

Satisfyer Double Wand-er: Massager with app control

Enjoy deep relaxation with the Satisfyer Double Wand-er: The elegant white massager comes with 2 attachments and is unbelievably versatile. It includes an interchangeable attachment, which turns the classic massager into a G-spot or A-spot vibrator. The impressive XXL size makes it easy to use and easily reaches all the right spots and curves that long for relaxation and stimulation. The surface of the Satisfyer Double Wand-er is made of body-friendly, supple silicone, which bewitches your skin with a delicate feel. Because the massager is waterproof (IPX7), you can also use it in wet areas like the shower or bathtub - and clean it easily with warm water and mild soap. The integrated batteries can be easily recharged with the included USB charging cable.

Even more fun with the Satisfyer Connect App

With the Satisfyer Connect App, the Satisfyer Double Wand-er can not only be controlled remotely: You can also create your own vibration programs, have video and audio calls with your partner, or create vibration patterns based on surrounding sounds. The app is free and available for Android, iOS and Apple Watches.
